.. AT EL MONTE ..

Dianne Adair @ El Monte

We are a licensed facility right here on-site at El Monte Elementary. We have educated staff and run a quality program complying with state licensing standards.

Our School-Age program is before & afterschool. We provide a reward based homework club in addition to an afternoon activity time with enriching curriculum including art, science, outdoor group games, cooking and much more!

Our Preschool Program starts at age 2 and has multiple schedule options to meet family's specific needs. Our academic curriculum includes, though is not limited to Houghton Mifflin & Handwriting Without Tears! We offer a reward based Potty Training program and strive to create a safe, loving home away from home environment.

Please contact Director Lisa Brady for more info or to set up a tour
